

You've owned and grown your business for years. Your blood, sweat, and tears have paid off in the form of a profitable business that is respected and that you are proud of. In the next 5 to 15 years you'll have a choice to make. Are you going to sell, or leave your business for your children to take over? Will they be ready? The FocalPoint Personal Telecoaching program is perfect vehicle to develop success skills and unleash the potential of your successor, years in advance, and protect what you've worked so hard to build!

This powerful, time tested and proven development course was created by the incomparable Brian Tracy.

Twice per month, your successor and I will meet 1 on 1 through telephone or video conference for 30 minutes. We will work through the 400 page workbook/manual in bite-sized portions and it will take 6 months to complete.
